

# PLANTRONICS VOYAGER™ 510 USB

## Ultimate headset solution for mobile phone and PC

IP telephony offers a massive opportunity to cut communication costs, as well as providing increasingly sophisticated functionality. Using your PC to talk and collaborate will soon be as normal as using it to type.

The Plantronics Voyager 510 USB has a plug-and-play USB voice adapter and multipoint technology, so you can switch seamlessly between your PC and mobile phone. A noise-cancelling microphone and WindSmart™ ensures excellent sound quality.

### Key features:

- **Easy to set up** – no need to load any Bluetooth drivers. PerSonoCall™ software provides greatly enhanced usability
- **Simple VoIP solution** – call notification and call answer/end from the headset with most major softphones
- **Always available** – when the six-hour talktime is exhausted, a compact USB travel charger ensures you can charge anytime, any place
- **Covers all your needs** – seamlessly share this Bluetooth headset between a mobile phone and a PC/laptop

MULTIPOINT

NOISE-CANCELLING

USB

WEIGHT 17g

TALK TIME 6HRS  
STANDBY TIME 100HRS

RANGE 10m

### Call control

- A number of Plantronics headsets integrate with enterprise softphones allowing call answer/end using a button on the headset. This adds convenience, and is particularly useful if the PC's screen saver has locked – allowing a call-answer with a simple button press rather than needing to first enter a password to unlock the PC. On wireless headsets this feature also allows calls to be taken away from your PC.

### Product specifications

	Plantronics Voyager 510 USB
